Sponsored by

PIF (Photonic Internet Forum), PIL (Photonic Internet Lab), and ISOCORE

After the successful launching of iPOP 2005, iPOP 2006 will establish itself as Asia's premier conference on IP + Optical network technologies. It will be held at Meiji Kinenkan in the central area of Tokyo, from June 22 to 23, 2006. The conference is intended to share among the industry and the academia communities, the knowledge, new findings, and experience on the state-of-the art of IP and optical networking technologies. It features a public demonstration of GMPLS interoperability showcase by world-wide vendors, novel GMPLS product exhibitions (planning), and technical sessions. The opportunity to participate is open to all vendors.
